Free Lifetime Replacement.

Unique to the market, Insafe offer a free lifetime replacement service. If your safe is damaged by attack or fire, Insafe will replace it with the current equivalent model free of charge. Even the costs of delivery, installation and removal of the damaged safe are covered.

T&C's apply.

Tested.

This means that the Insafe range of safes have been independently tested to resist attack. Tests are carried out by the LPCB (Loss Prevention Certification Board) in the UK.

Certified.

The manufacturing and testing of the Insafe range of safes is independently certified by LPCB. The certification plate found on the inside of the safe's door is a permanent guarantee of this.

Approved.

The Insafe range of safes are approved by the Association of Insurance Surveyors (AiS). The AiS is a highly respected body of risk control experts working in the UK insurance market.

Safe.

Due to the above compliance Insafe's range of safes are the real thing.

They are built to protect their contents and because they are tested, certified and approved they are accepted by all major insurers.

Valuables £40,000

*Ratings: Cash and valuable ratings are for guidance only.

Cash and valuable ratings are for guidance only for the commercial sector in an unsupported environment. However, this is indicative overnight cash cover only and may vary across geographical locations, depending on statutory compliance requirements and local laws. Insurers may assign different cash cover values to the ones recommended in this document. In any case we recommend that you consult your insurer.
